NAMIBIA SAFARI

5 DAYS ETOSHA - DAMARA LAND - SWAKOPMUND

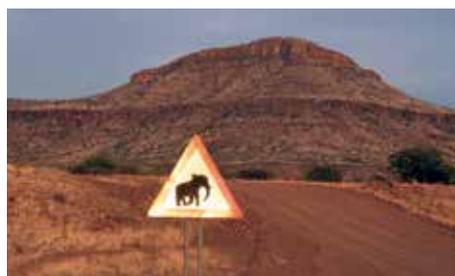

DAY 1 We leave for Namibia's most impressive national park, Etosha. It covers over 22 000 square kilometres and more than 113 mammal species can be found in its grass, bush and tree savannah. Watch out for herds of springbuck and zebra. With luck we will see elephants and after lunch we continue our search for rhinos and lions. When the sun drops into the horizon, we'll be on our way to our lodge.

DAY 2 Travelling past Outjo and Khorixas, we reach the bizarre landscape of Damaraland and pause at the Petrified Forest, claimed to be 240-300 millions of years old. One can still make out the growth rings on many of the fossilised tree trunks. It is thought that the 'forest' hails from Angola and was swept there by a huge flood. As we continue, we may see desert elephants in the sparsely populated area. At Twyfelfontein there are some 2 500 rock paintings and engravings to explore and transport you back to an age so difficult to understand today.

DAY 3 Atlantic, here we come! On our way to the coastal town of Swakopmund we stop at the Cape Cross Seal Colony. Thousands of animals live off the Skeleton Coast, drawn by the fish resources of the cold Benguela stream. After a memorable trip through the moon landscape of the Skeleton Coast Park, we reach Swakop by nightfall.

DAY 4 The harbour town offers you a diverse programme: start your day with a boat trip on the Atlantic Ocean and sip champagne accompanied by porpoises and seals. Explore Swakops people and history on a guided cultural village tour. Go quad biking in the desert sand or look for the Small Five on a guided excursion in the Namib.

DAY 5 The morning sees us leaving either for Kambaku or Windhoek where we wander through the main street before heading for the Hosea Kutako International Airport or Kambaku.
