

KAMBAKU TOURS

NAMIBIA SAFARI

8 TAGE CAPRIVI – VICTORIA FALLS – CHOBE

DAY 1 We leave early in a north-easterly direction passing the towns of Otavi and Grootfontein and the village huts of the Kavango region. We pause for lunch in the tropical Caorivi region (also known as the Zambezi). Our destination is a lodge along the Kavango River. Once you have unpacked in your luxury tent, it is time to enjoy sundowners on the river boat, surrounded by hippos and crocodiles.

DAY 2 Nature calls: Early morning we leave for game search through the Mahango National Park! Elephants, buffaloes, and rare antelope species such as sitatunga, roan and sable roam the morning hours. After breakfast we travel in the direction of eastern Caprivi until we reach the Kwando River and our lodge early in the afternoon. Sunset is once again viewed from a boat on the river all set about with reeds and palms. The shallow pools are ideal habitat for hippos and bird varieties.

DAY 3 At sunrise you may walk the open grassy stretches of the Kwando area. The afternoon is spent in the Susuwe National Park in a 4x4 traversing deep sandy tracks and dense vegetation while keeping a lookout for the Big Five.

DAY 4 Today we head for Botswana (please take your passports within reach)! After crossing the border, we reach the Chobe National Park by midday. Alongside the Park and close to the Zimbabwean border is the lodge in Kasane which forms the head-quarters for our excursions.

DAY 5 The elephants start out early and so will we. At sunrise our game drive in the Chobe National Park begins. The Chobe was founded in the late sixties as Botswana's first national park and is known for its many elephant. In the afternoon we will discover the Chobe River. We will not be alone, with hippos and huge hungry crocodiles cruising the water too.

DAY 6 The Victoria Falls is our destination today (again, do not forget your passports!), known by the name Mosi-oa-Tunya or 'the smoke that thunders'. That is the name given to the huge waterfall in the Zambezi River by the Koloro-speaking people. Shopping will be on the agenda in the town of Victoria Falls, where art galleries cater to the African art enthusiasts.

DAY 7 We leave early for Namibia. After the trip along the Zambezi region we arrive at our lodge on the Kavango River for a peaceful dinner at candlelight. The silence is immense, broken at times by our voices.

DAY 8 Following breakfast, the journey back home to Kambaku commences. Along the way vendors offer hand-made articles, art and souvenirs. Enjoy trading with the locals and obtain beautiful souvenirs at reasonable prices to remind you of your Namibian adventure.

BIG 5 AND VIC' FALLS SAFARI

Enjoy the wetlands paradise, Africa's largest waterfall and exciting wildlife spotting in just eight days.

DETAILS

- Start/ end: Kambaku Lodge
